Subject: Re: Rivet length change

Hi JL,

The rivet length change is acceptable.

Regarding having engineers in Hawkesbury approve minor changes, I'll have to bring it up with Pete and David. I don't have a technical objection as I'm sure they are completely capable of making these assessments, but it gets a little tricky as far as who is the design approval holder. Let me get back to you on that one.

David, this might be similar to the Aux tank drawings. Let's see if we can figure out a system that allows us to do this.

Thanks,

Pablo

On Nov 26, 2014, at 1:01 PM, Jean-Luc Menard <jmenard@dartaero.com> wrote:

Hi Pablo,

I think you had look at one similar not too long ago. 647.3902, the rivet has to change from -12 to a -14.

Is this acceptable?

Also, Would it be possible for the eng's here in Hawkesbury to approve rivet length changes?

Let me know,
JL
